One Health

ONE HEALTH CAMP HIGHLIGHTS

At Picturesque Banks of Gayathri River

About the camp

PROJECT
One Health

A camp through the human lives, animal habitats, and the nature around us exploring the unattended One Health problems and finding the solutions applying One Health approach will be the best method to understand One Health concept. Through this One Health camp.

Session 1

Discover One Health;
Uniting, Human Animal,
and Environment

Dr. Mithun TK
CEO, Project One Health

Session 2

Navigating Human
Wildlife conflict;
The One Health Approach

Dr. Anuraj R
Assistant Forest
Veterinary Officer
Periyar Tiger Reserve

Session 3

Wildlife & Zoonoses;
Embracing the One
Health Approach

Dr. Ramu S
Veterinary Surgeon
Veterinary Dispensary
Pampady, Thrissur

Learning from the best!

Little trek, big views!

Nestled in the verdant outskirts of Thrissur district, Kerala, lies a hidden gem waiting to be explored. A trek through these unfamiliar trails offered campers a chance to unwind amidst nature's tranquility and discover the region's unspoiled beauty.

Evening Vibes!

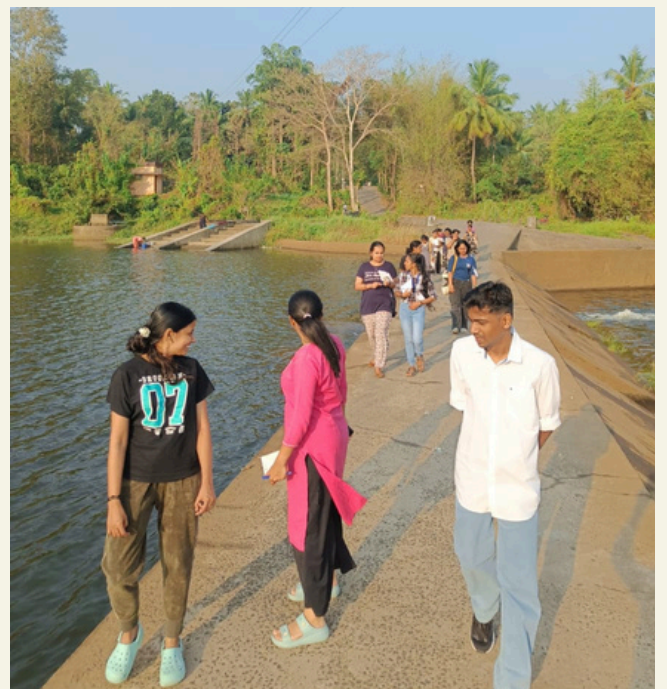

Making memories around the fire.

River Walk!

A morning walk along the veins of Bharathapuzha, specifically the banks of the serene Gayathri River, offered campers more than just a refreshing start to the day. This immersive experience wasn't simply a stroll; it was a practical lesson in One Health surveillance.

Session 4

Invasive Plants; Unseen Threats
and Ecosystem Warriors

Mr. Sooraj Kumar
Research Scholar
College of Forestry
Kerala Agricultural University

Session 5

Medicinal Plants along the
banks of Gayathri River

Dr. Verghese A.F
Assistant Professor
PNNM Ayurveda Medical College

Winners of Quiz Competition

Camp crew, assemble!

PROJECT

TM

One Health

'One Health' is an integrated, unifying approach to balance and optimise the health of people, animals, and the environment.' PROJECT One Health' is an innovative start-up that focuses on the One Health concept and addresses global health issues through capacitating and coordinating the efforts of numerous groups of people who care about the environment, animal, and human health. This is the first start-up from Kerala that exclusively focuses on the One Health concept and gives diverse services such as education, consultancy, research, projects, technical solutions, linkage programs, and One Health tours to the multidisciplinary stakeholders of One Health.

Our Services

“For a sustainable world, One Health is the approach”
